

COMPANIES REPRESENTED

Chicago White Metal

Al, Mg & Zn Die Casting
www.cwmdiecast.com

- Full Service – Casting / Machining / Finish / Assembly
- Flexible Volumes - 1,000's to Millions
- Depth of Experience - 75 Years of Experience & Industry Knowledge
- Collaborative Engineering & DFM Support
- World Class Quality Systems – APQP & Control Planning

A.L. Johnson Co.

Rubber Plaster Mold Casting
www.aljcast.com

- Low Cost Tooling
- Extremely Short Lead-Times
- Flexible Volume Requirements - Prototypes thru Production
- Part Complete to Print – Casting, Machining, Finish, Assembly, NDT
- Design Flexibility – Zero Draft, Undercuts, Thin Walls, Complex Shapes

Ti Squared Tech

Titanium Investment Casting
www.TiSquaredTech.com

- Competitive Pricing – Aerospace Quality at Commercial Prices
- Industry Best Lead-Times
- Rapid Prototyping Capabilities
- Low Volume Requirements
- Material Benefits of Titanium – Strength to Weight, Corrosion Resistance

Palmer Foundry

High Performance Sand Casting
www.PalmerFoundry.com

- Vacuum & Pressure Tight Castings
- Dimensionally Stable Castings
- 1 lb. to 1400 lbs.
- Ability to “Cast In” Stainless Steel (Tubing)
- ISO 9001 & MIL-STD-2175

AmeriStar Manufacturing

Metal Stamping & Fabrication
www.ameristarmfg.com

- Short & Long Run Stamping
- 45 to 400 Ton Presses
- Turret Presses, Laser & WaterJet, Welding
- Competitive Pricing & Low Volume Requirements
- 100 years of Experience

Torin Products

Swiss Screw Machining
www.torin.com

- Medical (ISO 13485) / Aerospace (AS 9100C) / Commercial (ISO 9001)
- Complex Parts / Very Tight Tolerances / Exotic Materials
- Flexible/Low Volume Requirements – 1 Part to 1,000,000 Parts
- Multi-Axis Deco, Citizen, Index ABC Screw Machines
- 45+ Years of Experience

Profile Precision Extrusions

Miniature Aluminum Extrusion
www.ProfilePrecisionExtrusions.com

- Small Precision Extrusions up to 3” Circle Size
- Very Thin Walls (.015”) & Extremely Close Tolerances (+/- .001”)
- 32 RMS or Better Surface Finish
- No Minimum Order Requirements
- Short Lead-Times

Omega Plastics

Plastic Injection Molding
www.opinc.com

- Production Quality Parts in Low Volumes
- 30+ Years of Experience & Industry Knowledge
- Prototyping, Short-Run, Low & High Volume Production
- Very Short Lead-Times & Aggressive Project Launch Support
- Medical (ISO 13485) / Automotive (TS 16949) / Commercial (ISO 9001)

Ray Products

Plastic Thermoforming
www.RayPlastics.com

- 60+ Years of Industry Experience
- Competitive Pricing & Lead Times
- State-of-the-Art Rotary Thermoforming Machines
- Largest Part Capability on the West Coast – (10ft. X 18ft.)
- State-of-the-Art 6-axis Robotic Trimming

PMF Industries

FlowForming
www.pmfinc.com

- Cylindrical - Symmetrical Shapes w/ Variable Wall Thickness
- Close Tolerance Control / Superior Surface Finish
- Broad Size Range - 2” to 48” Diameter / .020” to .250” Wall Thickness
- Nickel Based “Super Alloys” - Inconel, Hastelloy, Haynes, Rene
- ISO 9001 / AS 9100 / NADCAP
